

LOTLINX AMP

HIGH PERFORMANCE MOBILE VDPS FOR EVERY CAR IN YOUR INVENTORY.

LotLinX VIN-specific /AI/ drives low-funnel shoppers directly to mobile-friendly Vehicle Details Pages (VDPs) that always load in 1.5 seconds or less. With all of the most relevant lead-capturing conversion actions, AMP has been optimized for the highest rated conversions leading to shoppers on your lot.

Get up to **5x the conversions** with high-performance VDPS

7 conversion actions to let shoppers engage on their own terms.

We make it easy for shoppers to engage on the vehicles in your inventory, all while initiating lead-capture benchmarks no matter what device they are searching from.

- 1 Click/tap to **call**
- 2 Click/tap for **directions**
- 3 Click/tap for **lease price**
- 4 Click/tap for **ePrice**
